

Youth Member Entrance Policy

In order to enter the YMCA facilities or grounds, youth members must be enrolled in a supervised program, or enter with their parents, or participate in a YMCA activity such as youth swim, open gym, etc. Parents of children not participating in any activity will be asked to come to the YMCA and participate with their child or enroll their child in a supervised program. The YMCA cannot accept the responsibility of babysitting a child who is "dropped off". If a youth member, not enrolled in a supervised program, is injured or harmed in any way, the YMCA will not assume any medical, financial or any other form of liability. Any member, youth or adult, who cannot abide by the established rules have their privileges suspended or revoked. Approved by the Eden Family YMCA Board of Directors.
